LIBERTY-FROCKS

FOR CHILDREN

THE matter of Children's frocks—the consideration of design and material in relation to the purpose of the dress—is a distinctive feature of Liberty and Co.'s business. The frocks here illustrated are made from Liberty-fabrics and in the Company's own workrooms and, while every phase of child life is provided for, the alluring picturesqueness to which childhood is entitled is never lost.

FOR the occasions of weddings or fancy dress balls there are, by way of variation, the Stuart, Puritan, Directoire and other charming designs.

TO meet individual requirements special sketches are prepared and submitted free of cost. An inspection is invited of the frocks on view at the show-rooms in Regent Street.
